## Belle Glade Given Free Mail Service By Federal Action

Two Carriers And A Parcel Post Man Provided For Service And Office Equipment

Postmaster George Fallon, on Saturday night, received from the First Postmaster General, a communication that he has long awaited, and in it was given the good news that Belle Glade has been given free mail delivery service, to be placed in effect as soon as all preliminary arrangements can be set up.

The communication stated that the Department was sending the following equipment for the service: two carrier cases and stools, two small mail collection boxes, and one large collection box. Orders have been placed with the Postmaster General, of the Vehicle Department, for one transport vehicle for use in special delivery, and parcel post package delivery work, the latter limited to four hours a day at the end of each service.

Considerable work will need to be done locally to get the mail delivery set-up in completed order, and until this is completed, the Department will continue the final authority for the service.

Places at which delivery will be made must be properly numbered, and stress is made on proper street and numbering on all incoming mail, which can be established by using such information on all outgoing mail and parcels.

The tentative mail delivery territory as at present considered, as a result of Inspector review and recommended by such officials, will include the following city areas starting on the south side of the city at Avenue E, thence west to Sixth street, east to Fifth street, to the canal and again east along the canal road to a point on the West Palm Beach highway south of the canal.

The two carriers will not only distribute mail on their routes but will also pick-up from four depositories. The large collection box will be placed in the house in negro town, to be used for depositing office mail for the later carrier collection and distribution.

For persons who may be interested in making suggestions for the new openings in the service, Postmaster Fallon, has such information available upon application.

Just when the proposed new service can be inaugurated is not known, but Postmaster Fallon said it once set about working out details that it can be made possible.

The Chamber of Commerce is due for a bit of praise in the cooperative work with the Postmaster in bringing about free mail delivery to Belle Glade. It was data it prepared and presented to the Postal Department that bore much weight in securing the favorable action.

The Chamber is continuing working on the project, and will prepare an alphabetical list of all mail receiving citizens, for posting to the Postmaster's office.

## PAR-TEE LINE

By Annie Williams Country Club of the Everglades

**Turkey Dinner**  
Saturday night the ticket holders were treated to one of the finest dinners held at the club in some time. Turkey was the main dish and every side dish imaginable. Everything went off in smooth style and there was plenty for all. After the Turkey dinner the members and their guests danced to the music of the Duke box. Some seventy five attended.

Serving on the menu for the Turkey dinner were Grace Ann, L. Livingston, Ruby Jones, and others. The ladies society members were Helen Cameron, Melba Ballard and Myrt Tabl. Last Luck Sunday.  
Pot Luck dinner was served Sunday evening at 7:30 p.m.

## Free Electors Vote At South Bay Tuesday

Interest was sadly lacking in the school trustee and millage levy election in Precinct 39 at the South Bay Town Hall Tuesday. Only 36 votes were cast. Very few people seemed to know that there was an election or what was to be balloted upon.

Roy E. Michael received 9 votes, L. H. Shirley 32, John Tutwiler 1.

The 3 mill levy for regular school term received the approval of 28 votes. 1 voted for the proposed 2 mill levy for school building and 3 were opposed.

The election board consisted of Mrs. F. W. Mutchler, clerk; Mrs. H. C. Williams, recorder; Barstow and Mrs. W. C. Allen, inspectors, and S. J. Fisher, deputy.

## Government Is Liberally Giving School Lunch Food

Fourth Assistant Postmaster General, of the Vehicle Department, for one transport vehicle for use in special delivery, and parcel post package delivery work, the latter limited to four hours a day at the end of each service.

Considerable work will need to be done locally to get the mail delivery set-up in completed order, and until this is completed, the Department will continue the final authority for the service.

The Chamber of Commerce is due for a bit of praise in the cooperative work with the Postmaster in bringing about free mail delivery to Belle Glade. It was data it prepared and presented to the Postal Department that bore much weight in securing the favorable action.

The Chamber is continuing working on the project, and will prepare an alphabetical list of all mail receiving citizens, for posting to the Postmaster's office.

## Attends Credit Bureau Convention At Orlando

Levie Jones, Mr. of the Credit Bureau of the Everglades, recently attended a Convention of the Associated Credit Bureaus of Florida held at the Orange Court Hotel in Orlando.

Mr. Jones stated that 28 bureaus were represented, the largest number in the state. It was pointed out that credit bureaus are rapidly becoming more important in the operations of any community.

It was data it prepared and presented to the Postal Department that bore much weight in securing the favorable action.

The Chamber is continuing working on the project, and will prepare an alphabetical list of all mail receiving citizens, for posting to the Postmaster's office.

## BeanMarket Takes Spurt With Prices Giving A Profit

Corn Enters The Market This Week. Caus Threatens Local Produce Markets

For the first time in the history of Florida, county commission members of the Production and Marketing Administration met for a mass conference in West Palm Beach this week, for a three day session, some 300 being present. Big men of the government and state in this line of work were present to discuss topics of vital importance.

The increasing influx of vegetables and fruits from Cuba and Mexico, in direct competition to Florida grown produce, was discussed by Luther Chandler and William A. Crowley in a strong and impressive manner. They asserted that Cuba is now offering any product that Florida can produce at less labor expense, and still pay tariff and be under Florida production figures.

They said it was time for Florida farmers to awake to the danger and to take drastic measures to protect themselves. The present reciprocal trade agreement compact of the United States with Cuba is being discussed.

## Glades One Of State's Largest Economy Problems

Despite almost annual flooding that has damaged homes, businesses, and public works to the tune of millions of dollars during the past 25 years, the cities of Florida's lower east coast have developed at such a fabulous rate that they have become one of the state's principal economic centers.

The plan of the Corps of Engineers for the control of flood waters brought in Central and South Florida is designed to stop those losses in Palm Beach, Broward, and Dade counties. Col. A. G. Matthews, chief engineer of the State Division of Water Control, explained here.

The works proposed for the coastal area from the threat of a short-term water supply and flood damage, but they will also protect a flourishing agriculture along the coast and farther inland.

The plan now, Matthews emphasized, is a considerable one. It involves the construction of a series of levees in the past in that it stresses controls to hold the ground water at a satisfactory level, as well as rapid removal of flood waters.

For example, in the 31 miles of new canals to be dug in Palm Beach County at a cost of \$1,622,500 will be six control structures installed at a cost of \$302,100 to add to two others to be installed in two existing canals at an estimated cost of \$79,100.

The 31 miles of new canals are separated into four waterways to give water control to different parts of the coastal section of the state. There will be a 20-mile canal north and east from Loxahatchee Marsh to Lake Okechobee, and another canal to empty into Lake Worth, initiating the Lake Okechobee to Lake Worth, and a fourth from Lake Ida to the inland Waterway.

The 31 miles of new canals are separated into four waterways to give water control to different parts of the coastal section of the state. ## Tag Day Announced For Belle Glade And South Bay Locals

Mrs. W. C. Allen, of South Bay, announces Tag Day to be held on Belle Glade and South Bay on Saturday, November 12, by Junior American Legion Auxiliary Post No. 28 for the purpose of raising funds to purchase and install one bed at the new hospital for crippled children at Coral Gables. It is hoped that the \$34.00 necessary for this purchase will be raised at this time. A plaque will be placed over the bed "Donated by American Legion Auxiliary Post No. 28."

Tentative plans are also underway. Mrs. Allen stated, to sponsor a Talent Show a little later to secure funds to purchase a second bed for the crippled children's hospital.

The Ft. Lauderdale Junior Auxiliary last year won the prize for the greatest achievement in the nation during that year.

Baptists Have A New Constituted Church

The Palm-Lake Baptist Union now has a new constituted church, as the roll as of on Sunday, the mission church at Greenacres, became a regular church of the union.

Rev. T. W. Brown, of the Boynton Beach Baptist Church, has resigned that pastorate to take up ministerial duties at the Calvary Baptist church at Hollywood.

## What A Difference The Interchange Of An H With A D Does Make?

A couple of Florida newspapers, following the parade which will begin at 2:00 on West Avenue A and end at Paradise Park, 1 S. Senator Spearhead, Holland will deliver the address of the day.

Beginning at 5 o'clock the barbecue will be served at the Legion Hall, and arrangements have been made so that the crowd may leave in time for the football game between Lake Worth and Belle Glades Gold-En Rams.

Parking will be strictly controlled so that a jam will not occur. Any car will be privileged to leave at any time desired.

Preparations are being made for the second largest crowd ever in the Glades exceeded only by the County-wide barbecue held in Pahokee by the Resources Development Board several years ago.

The Public is invited.

## Forida Baptists Bill Warthen Dies In Vets Hospital

At Daytona Beach Saturday Nov. 5

William Ruff Warthen, affectionately known as "Uncle Bill" passed away Saturday afternoon at the Veterans Hospital at Daytona Beach after a long and eventful life.

Born in Tallahassee, Ga., on Oct. 4, 1871, the son of W. R. Warthen, Talbot County's first School Superintendent and occupant of that office for twenty years. Uncle Bill was engaged in farming and in the construction business. At the age of 45 he finally convinced the military in the First World War that he was "sound as a dollar" and served as Color Sergeant of the famous 42nd Division, which holds an enviable record on the fighting front.

In '28 Uncle Bill came to the Glades with "Mr. Cliff" his brother, H. C. and together they farmed on Torrey Island, later expanding into one of the large operations in the community.

Several years ago Uncle Bill withdrew from the Warthen Brothers operation and except for a brief stay in Northwest Florida, spent his time in Belle Glade until a short while ago.

## Sonny Bender To Become Member Of City Officialdom

Decision was made by the City Commission at its meeting Wednesday night, that there should be a break-up in certain duties in the city clerk's office. The City Clerk job will be separated from the position of City Tax Assessor, Collector and Clerk of the Municipal court.

The Commission elected on a temporary basis Guy D. (Sonny) Bender to fill the triple position on following week at a salary of \$250.00 a month.

The question of selecting a City Clerk was not ripe for action. Several applications were reported filed, but a delay should be a break-up in certain duties in the city clerk's office. The City Clerk job will be separated from the position of City Tax Assessor, Collector and Clerk of the Municipal court.

## Country Club Takes Over Former City Club At Clewiston

The old Clewiston Golf Club, which for the past ten years has maintained the course south of the city, has gone out of business, and a new organization has been formed to take its place. The new organization will continue to keep open the course, which the old club was unable to longer carry on.

The new officers are: President, Charles M. Violette; Secretary, J. H. Spence; Treasurer, J. H. Spence; and Clerk, J. H. Spence.

## Rev. Enlow Leaves Pastorate Of The Baptist Church

At a session of the official of the First Baptist church, on Wednesday night, the resignation of Rev. Enlow, as pastor, was presented and accepted as of date. Rev. Enlow has several proposals under consideration, but had made no determination as to his next active pastoral field, but it will likely still be in Florida.

Rev. Enlow became the pastor of the church on December 1, 1944, and as a servant in the vineyard of the Lord, has been an ardent worker and visiting pastor, and a builder up of the church.

A report presented by Rev. Enlow to the Palm-Lake Association, contained the following: "During the past year, I have been able to accomplish much of my work as a pastor."

His 1944 total church expenses were \$4,543.83 and in 1949, \$21,843.21; giving on a co-operative program, \$678.00 in 1949.

## City Commission Acts To Prevent Further Shortage In The Public Monies

For six successive terms the incoming City Commission of Belle Glade has reappointed A. L. (Dutch) Wallis as City Clerk with compliments on his work and accompanied, in several instances, with a raise in salary. Dutch, as he is familiarly known, has received the "Thank You" from many of the City's taxpayers and customers who have done business with the City, for he was always obliging. He ably represented the Commission as its contact with the public, and was an important factor in its public relations.

A former reason not officially stated, a suspicion was aroused about the regularity of some of the City's accounts and W. B. Rhodes, CPY, who was auditing in regular manner the City's books began tracing items with the result that the City's issue on Tuesday morning at a secret official meeting declared the shortage over.

Mr. Wallis' resignation was accepted on the 8th effective as of October 19, 1949. According to the official statement issued by Julius T. Harris, as Treasurer and authority of the Commission, the total amount, which is covered by bonds, is:

1943-44, \$2,783.00; '44-45, \$5,043.50; '45-46, \$4,000.47; '46-47, \$4,000.47; '47-48, \$4,000.47; '48-49, \$4,000.47; '49-50, \$4,000.47.

The Commission directed Mr. Harris, as Treasurer, to increase the bonds of the City. The Collector, Desk Sergeant and the Street Superintendent.

"Druggist" politicians and "Sidewalk Strategists" have a few opinions and theories as to contemporary politics. Continued on page 4

## Atlantic Coast Line Party Will Be Big Affair

The Agricultural Department of the Atlantic Coast Lines is just as anxious to tell people about the rich agricultural lands of the central Florida Everglades, as it is the other sections which its service serves. To

## Consider Opening Game Reserve In This County

The State Game and Fresh Water Fish Commission will meet in Tallahassee Monday, Nov. 7. Director Coleman Newman announced.

Newman said the primary business of the board would be to consider the opening and closing of game refuges in Palm Beach, Martin, Brevard and Lee Counties.

The commission will also study the possibility of establishing game refuges under the State Merit System, Newman said.

## OBSERVATION

By John M. Gledhill

When George A. Hubbell passed from this world, we had lost a good friend, as did hundreds of other Belle Glade citizens. The nature of his passing cast a pall of sorrow over the entire community. His little "hole in the office" was one of my route stopping places, and many pleasant informal conversations on devotional topics resulted. The two "Judds" of work and some kindred connections, on some subjects. My friend could quote poetry by heart, but my return to him was only some of my writings, all of which he had memorized.

## Cook's Trojans Meet With Our Golden Rams

In A Hard Fought Game South Broward Defeats Rams By 12 To 6 Score

Memorial field in Belle Glade promises to be the mecca of all football fans of the county, on Friday night, as there are no other high school games elsewhere in the conference territory, and that will mean big attendance from all the nearby towns.

"Bruiser" Cooke, will bring his vaunted Lake Worth Trojans, over to meet his former opponent, the South Broward Golden Rams, who were coached by Mayner. This game should be a humdinger, for there were under the circumstances, considerable rivalry between the Rams-Trojans.

The Trojans had a clean slate of victories until last Friday night when Vero Beach, who had defeated, scored 14 to 12 victory over the Trojans. Belle Glade has two defeats against its rival and name, but the official statement issued by Julius T. Harris, as Treasurer and authority of the Commission, the total amount, which is covered by bonds, is:

1943-44, \$2,783.00; '44-45, \$5,043.50; '45-46, \$4,000.47; '46-47, \$4,000.47; '47-48, \$4,000.47; '48-49, \$4,000.47; '49-50, \$4,000.47.

## NEW BETHEL BAPTIST CHURCH

Rev. C. W. Douglas, Minister  
Reverend W. Porter, Pastor

Sunday school opened at the usual hour, 9:30, with the Sup't. Dec. S. Kendall presiding and all teachers were at their respective places. Highlights on the lesson were given by the Pastor of the Rev. H. C. White. Morning service began at 11:00 o'clock. Prayer service was conducted by Mrs. Julia Holland. A very short sermon was delivered by Rev. H. C. White of Belle Glade. His text was "Christian Grace." Evening worship began at 7:30. Prayer service was conducted by Dr. Hugh Brown and Dec.

## SCHOOL NEWS OF EVERGLADES VOCATIONAL HIGH

## SIXTH GRADE CLASS NEWS

Both boys and girls of our class are learning to sew. The first thing that each pupil will make is a pair of pants. The boys and girls seem very interested. We are going to try and give our aprons class. We won't have to wash them when they are used. These aprons will be given to our parents and friends at Christmas time.

This is American Junior Red Cross Month. Each pupil is going to be a member. Most of our pupils have already paid at least five cents.

## SCHOOL NEWS

(Jamaica Poole)

On Sunday, November 6, the Glee Club of Everglades Vocational High School, under the direction of Miss M. O. Davis, brought before the public a brilliant performance.

The music was superb, and the songs rendered seemed to have been enjoyed by everyone. The music rendered made at the meeting of the Interchurch Council and at the First Baptist Church.

Monday night, indeed, a night of color at the First Baptist Church, where the senior class of Everglades Vocational High presented a "Rock-Welling." The bride, Willie T. Morgan, was lovely, and the groom was handsome Sylvester Brown.

The bride chose Catherine Davis as maid of honor, and Denise Reddick was best man. Lawrence Harrell was the flower girl, and Ervin Davis was ring bearer.

George Murphy was the best man, and the senior young women were bridesmaids, and the senior young men were ushers.

There were two talented singers, namely Dorothy Chestnut, and Bertha Rutledge. The seniors wish to express their deepest gratitude to Miss Ida M. Wilson, Miss M. O. Keys, and their sponsor, Mr. J. J. Holliday, who worked to make our presentation a great success.

The night shall always be memorable in the hearts of those who attended.

**Roberts Club Sebring Bears 2-0**

The Robcats were the guests of the Sebring Bears on Saturday, November 5. This was an important game for Sebring as it was their homecoming. It was a gala affair, with the homecoming parade at 5:30. The entire first half was a tip and tuck affair.

The Robcats could not get going in the first quarter, and were held scoreless. The first score came when O. Davis of the Robcats passed 40 yards to M. Bolden, on the 5 yard line, who trotted over for the first score. The Robcats scored their second touchdown on a sustained 80 yard drive as O. Davis

## LAKE SHORE ELEMENTARY SCHOOL NEWS

## LAKE SHORE ELEMENTARY SCHOOL NEWS

By Prof. Charles M. McFaraday

## New School To Be Dedicated This Morning

The new Lake Shore Elementary School is to be dedicated this morning in a special service at the school for that purpose. The building is a two-story structure with a total area of 11,000 square feet. The building was constructed with concrete and steel. The building is located on South West Avenue, between Tenth and Twelfth Streets. It is the elementary unit of a proposed elementary and Junior-senior high school unit.

The building houses ten classrooms, administrative offices, a gymnasium, a cafeteria, a library, a music room, a science room, a health room, a sewing room, and a shop. ### SOUTH BAY BEAN CITY LAKE HARBOR

Mrs. Onel Walker, son Gary and father J. S. Haven have returned from a visit with relatives in Tampa.

Chief miller fitter and Mrs. J. V. Allen stationed at Green Cove Springs visited his parents, Mr. and Mrs. W. C. Allen recently and brought back their granddaughter Susie Allen who had been a visit for the last month.

Joe L. Hodges and daughter Mrs. Thelma Merle Jennings of Youngstown, Ohio, were guests of his brother Joe H. Hodges and family last week.

Mrs. Mark Challenor and infant daughter Vickie Sue have returned from the Belle Glade Hospital.

Mr. and Mrs. E. G. Poston of Florence, S. C., have returned home after a visit with her sister and brother-in-law Mr. and Mrs. C. G. Payne.

C. C. Allen is scheduled for a tonsillectomy at Pratt General Hospital in Coral Gables on Thursday, Nov. 10.

Mr. and Mrs. Bryant Keene and son Junior visited his mother in Arcadia the first of the week.

W. C. Allen, hospital committee chairman, department of Florida American Legion for the 9th District, attended the first meeting Sunday at Pratt General Hospital in Coral Gables.

The group attended chapel services with the veterans and later visited the 122 patients in the wards. Their work is a part of the rehabilitation program in Florida.

Ranola Hall was the overnight guest of Joyce Partin Thursday.

Mr. and Mrs. W. L. Ball have returned from Williamsburg, Kentucky where they spent the summer.

R. S. Donaldson of Clewiston called in South Bay on business Monday and visited friends here.

Joe Hostet of Fort Lauderdale visited relatives in South Bay over the weekend.

Mrs. A. N. Lamoureux has returned from Miami where she has been visiting her nephew and niece Chief Petty Officer and Mrs. D. M. Miller who are on leave on their return from 2 years service in Italy. Mrs. Miller was with the U. S. Embassy during her husband's stay there with the navy. They will be stationed at Pensacola.

F. A. Odum and daughter have opened the South Bay P.E.C. depot. He is on duty at South Bay as supply agent on Sundays and Mondays, Tuesday at Belle Glade, Friday and Saturday at Lake Harbor.

To Organize Junior American Legion  
Charles Clifford Allen has been appointed to organize the Sons of Legionnaires in South Bay. He urges all sons of members of the American Legion to join.

Post No. 161 of South Bay to join the junior organization. There is no age limit as the sons of legionnaires are eligible at birth.

It is planned for the local sons to take part in the Armistice Day Parade in Belle Glade on Friday afternoon and a leader will be named to take charge for that day as Mr. Allen will be out of town and hospitalized at Coral Gables.

Mrs. W. C. Allen as Sergeant at Arms of the Woman's Auxiliary of Post No. 29 will lead the Auxiliary in the parade.

South Bay Club Plans For Its Christmas Party

Mrs. John Gledhill, president of the Belle Glade Home Demonstration Club, was guest speaker at the regular meeting of the South Bay Home Demonstration Club on Thursday at the school cafeteria. She gave an interesting report of the recent regional meeting of the Senior Council at Fort Lauderdale which emphasized particularly the value of home demonstration and 4-H club work.

Mrs. Alice Lamoureux presided over the business session. Officers were elected for the coming year and will be installed in January at the January Senior Council. Mrs. L. P. Roberts was elected president. Mrs. F. M. Muttler, Vice-President. Mrs. A. L. Campton, secretary and treasurer. Mrs. A. N. Lamoureux, council delegate.

Miss Sara Horton, home demonstration agent, presented the County Council session in West Palm Beach.

### Palm Beach.

It was decided to have the annual Christmas Party at the regular meeting of the South Bay Club on Friday afternoon and invited the 4-H Club to join with the senior club for the event. An exchange of gifts will take place. A cookie contest and exchange of cookie recipes will be a feature of this meeting.

The afternoon was spent in examining Christmas tree suggestions on display and taking patterns and instructions for making these the various articles.

Mrs. Walter H. Thames and Mrs. Viola Higdonham were hostess for the afternoon and served light refreshments to Miss Sara Horton, Mrs. Mollie Covell, Mrs. A. B. Barnes, Mrs. H. B. Walker, Mrs. Fred Cato, Mrs. E. M. Willis, Mrs. A. L. Campton, Mrs. L. P. Roberts, Mrs. F. M. Muttler, Mrs. A. N. Lamoureux, Mrs. A. L. Campton, and guests. Mrs. A. B. Barnes of Belle Glade and Mrs. P. J. Howell of Muncie, Indiana.

### Hodges-Lamoureux Nuptials

Mr. and Mrs. Joe H. Hodges announced the marriage of their daughter Mary Lois and John Lamoureux on Saturday, November 5, at the Lake Harbor Baptist Church in West Palm Beach at 5:30 o'clock. The Rev. Pennington officiated. The young couple in marriage.

The bride is a native of Doha, Ala., and a Senior at the Belle Glade High School.

The bridegroom is a native of Ft. Myers and attended high school at Sebring. He was recently released from service with the U. S. Navy, having been stationed at Norfolk, Va.

They plan to make their home at South Bay. Mr. Lamoureux has taken over the operation of the Long Filling Station on U. S. Highway 77.

Fern Clubs Enjoy Picture Show At South Bay School

The South Bay 4-H Clubs enjoyed an interesting film entitled "Back Yard Gardens" at a joint session last week under direction of Mrs. Mildred McDonald, assistant home demonstration agent, and John C. Causey, assistant county agent. Members displayed considerable interest in the picture and asked many pertinent questions about the subjects brought to their attention.

The girls then adjourned to their own meeting place and planned Christmas gifts to be made at the work shop for members of their families and friends. Mrs. Laura Willis is local leader of the 4-H Club.

Announcement was made of a luncheon for local leaders and their assistants at the Court House Kitchen on Monday, November 7, with a training session to follow during the afternoon under the guidance of Miss Sara Horton, Mrs. McDonald, County Agents M. U. Mounts and John Causey.

Rev. E. Enlow, pastor of the Belle Glade Baptist Church, was guest speaker at the morning worship service at the South Bay Baptist Church last Sunday. Evangelist singer Elbert, who assisted with the fall revival, was also present and assisted with the singing.

Negro Injured While Tearing Down Building

Lee Matthews, negro, in the employ of John L. Evans, was injured by a falling timber last week during the demolition of the Evans Pucking House at Lake Harbor.

He was rushed to the Belle Glade Hospital by ambulance where Dr. R. L. Pipes found his injuries painful but not serious.

Sales Tax Became Effective Over

When places of business throughout the State of Florida opened on Tuesday morning, it was a signal that the hour for collecting the sales tax on many of the merchandise commodities had arrived.

The suit entered in the courts at West Palm Beach for an injunction against the tax collection, failed, the court upholding that the suit should have been entered in the Leon County courts, which is the seat of the state activities.

Investigation among Belle Glade merchants indicates that the law as a whole is not accepted with much favor, but the buyers are handling over the tax pennies without much grumbling.

Most of the food items are exempt from taxes, but many of the household necessities, such as beer, the tax. The state places a five cent tax on single pack cigarette.

### Cautions Careful Night Driving To Prevent Serious Accidents

"A road of the dark" According to the Florida Highway Patrol, you have a right to be, because of the high proportion of fatal traffic accidents occurring at night in comparison to daylight fatalities.

"Traffic deaths at night," said H. N. Kirkman, Director of the Florida Highway Patrol, "are two to three times more numerous than during the day. Over a period of six years, from 1942 to 1947, there were 1,441 Florida's road toll 425 lives."

The chief causes of night

traffic accidents cited by the Florida Highway Patrol include: reduced visibility; excessive speed; fatigue; drinking drivers; and failure on the part of pedestrians to realize how invisible they are from a driver's seat.

"As a means of combating the high cost of night traffic accidents in human lives, the Florida Highway Patrol has outlined several ways in which such accidents can be reduced," Kirkman said. These, he said, include:

1. Providing adequate street lighting.
2. Increasing the visibility of signs, signals, and pavement markings.
3. Lowering night speed limits.
4. Educating drivers to the special caution needed in night driving.
5. Educating pedestrians as to where and how to walk safely in darkness.
6. Strictly curtailing speeding, drinking, and carelessness among night drivers.
7. Insisting on safe and courteous use of headlights and mirrors.

**COOKIES TROMANS**  
(Continued From Page 1)  
were conference topics. On record the Tromans seem to have a bit of a lead on the Rams, but we are hoping for a possible win.

The hundreds of Glades fans who rolled to Dowdy field at Hollywood to see Smith's first Bulldog team play against the Rams, saw a very well played game, but came back much disappointed over the defeat of their favored Rams. It was more than noticeable that the col-

legiate officials were able to see game infractions in the Rams play, and doled out limit- ing penalties, while passing out no severe penalties against the Bulldogs. When the Rams meet the Bulldogs, the record has shown that the former have always suffered from official penalties.

A capacity bleacher crowd and standing room brought attendance up to at least five thousand fans, who shivered with the coolness of the night.

thousand fans, who shivered. The extravaganza entertainment put on by the Golden Ram and Bulldog bands was indeed a fine spectacle, the best that the writer has seen during the past season. The Bulldogs have a large and energetic band, well drilled, and know how to pour out the music, and present specialties. The Ram band and the school cheering section was never more effective than at this game. Cole Bros circus wintering at Opa, brought up 1000 circus seats to give more seating capacity for the fans. Surely a generous gesture.

The contesting teams were about equally matched in all respects, and the winners had no great edge over the Rams, except that they did, by the aid of penalties against the Rams, manage to get one more touchdown than the Rams. The Rams were knocking hard at the goal line for a tying touchdown when the game ended, the score 12 to 11 in favor of South Broward.

Boward scored in the first quarter and held the lead until the third when Tommy Williams hit pay dirt in the third to even up score to 6-6. In the fourth quarter the Bulldogs got a break on a kick off punt and advanced the ball well into Ram territory, and then by a series of fast, tricky plays got another counter over the goal.

In this quarter the Rams did their best playing and held the Bulldogs at the goal made a gallant drive down the field in the last minute of the game, biding strong for a tying score, only to have their efforts thwarted by time running out on them. It was a hard game for the Rams to lose as it vitally effected their rating in the conference race.

Coch Alley's Blue Devils, of Pahokee, playing Largo, an out-conference team, finally won its first game of the season, by a score of 28 to 0. In the Indian River conference, undefeated Clewiston, fell before Melbourne a score of 19 to 6. Other Friday night game scores are: Miami University, 27, Detroit University, 6; Orlando, 0, West Palm Beach, 6; Stuart, 15, Cocoa, 6.

**ATLANTIC COAST LINE**  
Continued from Page 1  
proper flood control and farming practices.

This week's bulletin on the big party has this local reference.

The Everglades Agricultural Experiment Station, Belle Glade, Fla., in a five years test averaged 1,804 pounds of beef per acre per annum, with high yield of 2,089 pounds live weight (See page 200, Annual Report of the Florida Agricultural Experiment Station, fiscal year ending June 30, 1948). This tour includes the Belle Glade Experiment Station.

Those attending the Florida Farm tour sponsored by the Coast Line Railroad and cooperating agencies on November 15 and 16 will have an opportunity to observe some of these demonstrations and to learn how they may establish water control for crops produced on their farms, even to the extent that "acres of dis-

monds" may be found in their community. They will have an opportunity to see thousands of acres of real muck "Tay Dirt" soil being opened up to use under water control; in fact all phases of farming and marketing of vegetable crops in that area will be observed on this tour.

This Farm Tour will cover the Moore Haven-Clewiston-Lake Harbor-Okechobee area. Headquarters will be the Clewiston Inn, Clewiston, Fla. Join this tour, make your reservations early.

#### Hunting Regulations

Enforced by State Game Commission

Thousands of Florida hunters are citing their guns in anticipation of the state's general hunting season which opens Nov. 22.

Opening and closing dates, set by the State Game and Fresh Water Fish Commission, are the same in all districts for the first time in the state's history. The first six days of the season will be open to hunting with dogs. Tuesday, Nov. 22, is the first day thereafter.

Throughout the state the deer season will end Jan. 3 and turkey hunting will close Feb. 1, as will the season on quail and squirrel. Deer and turkey hunting will be banned in Alachua, Bradford, Clay, Hardee, Santa Rosa and Union Counties and parts of Baker, Columbia and Suwannee Counties. No deer hunting will be permitted in Gilchrist and Hernando Counties and hen turkeys cannot be taken anywhere in the state.

Daily bag limits are set at 1 buck deer with horns of not less than 5 inches; 2 wild geese; 10 quail; 12 cat squirrels; and 3 fox squirrels. The season bag limit will be 2 buck deer and 4 wild turkeys. Possession limit on all game is two days' bag.

Migratory bird hunters will be allowed to take duck, goose and coot every day from Nov. 23 to Jan. 7 and marsh hens every day from Oct. 1 to Nov. 30. The state season on doves is from Dec. 17 to Jan. 15.

#### Florida State Is To Have Several New Buildings

Plans for two skyscraper men's dormitories and a \$400,000 student union building for Florida State University have been announced here by President Doug S. Campbell.

The buildings, plus an apartment of smaller units for fraternities, will be financed by self liquidating bonds, paid off by rents. This is part of the 30-year plan drawn up by President Campbell, and including a 15,000 seat athletic stadium.

Areas for these buildings as well as for the proposed student union, have been set aside, and the city of Tallahassee is cooperating by planning drainage and utility lines as well as slum clearance to make way for the program.

The two dormitories each will be 14 stories high, and located on the edge of a wartime housing development, now owned by the university.

#### Florida Farmer Increases Use Of Fertilizers

The manufacturing and mixing of fertilizers is a \$40 million business in Florida, according to the Florida State Chamber of Commerce.

The weekly business review issued by the research and industrial division of the State Chamber reports the value of fertilizer in 1939, four times the value of the 1933 production in the State.

Latest detailed figures are for 1947 and show 34 plants employing 2,884 persons to whom they paid a total of \$5,100,000 in salaries and wages during 1947. Cost of materials and fuel amounted to \$26,067,000.

Animal fertilizers and fertilizing and corrective materials are not included in this review.

Use of plant foods by Florida farmers and growers is expected to increase in 1949. The state's large fruit, vegetable and flower crops. The commercial fertilizer business has averaged in recent years approximately 200,000 tons of phosphate fertilizers, 2,000 tons of potash, and 40,000 tons of nitrogen.

#### BEAN MARKET TAKES

(Continued from page 1)

Department of Agriculture.

The northern produce market was hit by cold weather during the past week, closing them off local bean supplies, and as a result demand for Florida beans took a big jump, at prices that did not displease Florida growers. On Saturday and Sunday Black Valentines brought just a nickel under \$5, while other beans fluctuated between \$2.50 to \$4 the hamper. Monday's markets saw a decline of 80 cents on the Blacks, but other grades showed slight decline.

The bean movement will be constant from now on until the early crop is exhausted. The Pompano market will be open the coming week, as that Lake produce will be bucking supplies from that source.

Green corn came into the market picture on Monday, when Arthur White, Ted Pope and several Pahokee growers brought in sweet corn and Tuspan, which found a ready market, most of it going to the Atlanta market. The opening price was \$4.50 for a five dozen crate or sack. Up in Atlanta, Texas, it was always in great demand, and is more used in family trade than are the yellow sweet corn types.

A meeting of Pahokee area farmers was called for Thursday night, for the purpose of discussing the subject of establishing a Farm Bureau there, with a resident agent.

The past week papers of inspection for the Pelican Bay Co-operative of Pahokee, were sent to Tallahassee for approval. This group is made up of GI veterans, who may endeavor to get a lease on bay lands near the new airport on the I-2, Board. Land will be leased to the 50 or more members as their needs may indicate, including some leased lands over in Martin County. The Board of directors is composed of L. W. Meredith, Eugene Pickren, W. M. Johnson, E. R. Rice and Joe Alderman.

The two dormitories each will be 14 stories high, and located on the edge of a wartime housing development, now owned by the university.

#### Community Methodist Church Makes Changes In Corporate Papers

Back in 1934 the Belle Glade Community Methodist church was duly incorporated, as a religious non-profit organization, with C. E. Riedel as its head officer, with the right to own and hold real estate up to the limit of \$50,000, which was a very liberal amount at that time.

With the present church structure project under way, officials found that changes would be necessary in the corporate structure and Jack O. Johnson was directed to prepare amendments to the charter for court approval. Such papers were presented to Judge C. E. Chillingworth in Circuit court, Monday, and he gave official judicial approval of the same.

The name of the corporation was changed to the Community Methodist church, Inc., with the right to hold a maximum of \$100,000 in real estate. Outside the incorporation the church also has around a \$2500.00 loan from the Livingston Foundation, of Jacksonville, which was given at the time of the erection of the present church edifice, to be repaid at the convenience of the church.

Rev. Leonard Vanderwater, the pastor, states that the rate on which the work on the new sanctuary is progressing, that earlier stone laying ceremonies may be held in the month of February. At this event it is hoped and expected that Bishop Roy S. Galt of Jacksonville, will be present to conduct the ceremonies and deliver the sermon of the day.

#### Florida Editors To Have Convention At Naples Beach

The coming week end will see the cohorts of the Florida Press Association gathering at Naples for the fall meeting, and to the Florida State Chamber of Commerce.

To aid attendance the management of the Trailways Motor Co., is providing free passage to press people from all over the state by means of special buses from Pensacola, Tallahassee and Lake City down over its central state routes.

Besides the program of business sessions the Naples and Collier county editors have arranged many side attractions, in the way of fishing, bathing and tour to the Indian reservation.
